THE BIG

International
Building &
Construction
Show

26-29 NOVEMBER 2017

DUBAI WORLD TRADE CENTRE

40 French exhibitors were present at the last BIG 5 Dubai show. A great success for our producers in France. Most have already confirmed their wish to return in 2018! Saint-Gobain, Atlantic, Guilbert Express, Presto, SFA, ODICE etc. have already booked their space. Projects are not lacking in Dubai with 2020 but also with the development of hotels because Dubai is becoming a real tourist destination.

Some figures on the latest edition: 65,000 participants, 2,601 exhibitors from 64 countries. 110 000m² of exposure.

The BIG 5 is a very dynamic show with many events, product demonstrations, match makings organized by DMG events, high-level conferences. The summit on excellence in construction attracted 295 participants over a day with speakers such as Ahmed Al Khatib (Vice President Real Estate for Expo 2020 Dubai).

The next edition will take place from November 26 to 29, 2018. UDLE (Urban Design and Landscaping Expo) joins the BIG 5, which offers the opportunity to this sector to benefit from the synergy with the largest exhibition in MENA (Middle East Africa) North).
